

Salamander Bay and Taylors Beach Liveability Index 2020

In September 2020 we teamed up with Place Score to complete our first ever place census. Over 3,700 people told us what they value and how they rate their neighbourhood.

The results allows us to focus on the things most valuable to our community. It helps us plan and make decisions that will have the biggest impact on your wellbeing.

Liveability is influenced by safety, the natural environment, infrastructure, accessibility, things to do, attractiveness and inclusivity.
